FOR IMMEDIATE RELEASE

### **Coil Construction to give MC Sports new look**

COLUMBIA, MO. (June 4, 2008) — Coil Construction, Inc., has begun work on an expansion and reconfiguration of MC Sports at the Columbia Mall that will result in a 23,800 square foot mega sports store.

The construction includes a new mall entrance on the southwest side of the building with a hallway leading to MC Sports. The store also will have an exterior entrance accessible directly from the parking lot.

In addition to these new entrances, MC Sports will expand into the Sears wing of the mall into spaces vacated by previous tenants. The expansion will include the store's third entrance from the Sears wing.

MC Sports will remain open during construction and will have a temporary location in the store's southwest section, which will close once construction is complete. The entire project should be completed by October.

Coil Construction specializes in institutional, retail, professional and industrial construction throughout the Midwest, with an emphasis on construction projects in Missouri.
